MEMORANDUM FOR: Dick

FROM: DCI

1.  asked me to get for him a copy of the Sprague Commission report which dealt with some combination of psychological warfare and covert action in the late 1950s or early 1960s.

2. In addition, I'd like to see whether the Murphy Commission study of the organization of the conduct foreign policy and reporting in 1975 dealt with covert action. Also, there was some examination of the need for covert action and how and through what institution it should be conducted coming out of the Chase (?) and Biden committee hearings. See what you can dig up on this.
